Walton High-tech Industries limited
DHAKA , BANGLADESH

Dear Hiring manager,

I am writing to express my strong interest in the software engineering intern position at software engineering intern, as advertised on www.careerz360.com/. With a solid foundation in programming, a proven track record of leadership, and a genuine passion for software development, I am excited about the opportunity to contribute my skills and enthusiasm to your dynamic team.

I'm currently studying computer science and engineering final year at University Of Global Village, I have honed my programming abilities through coursework and extracurricular involvement. One of my most valuable experiences has been my involvement in the programming club at our university. I initially joined as a member and quickly assumed the role of treasurer, where I effectively managed the club's finances, oversaw budget allocations, and organized fundraising activities. This experience allowed me to develop strong organizational and financial management skills while gaining a deeper understanding of the technical and logistical aspects of running a programming club.

Recently, I was promoted to the position of president within the programming club. In this role, I have not only continued to manage our club's finances but have also spearheaded initiatives to enhance our club's activities and increase membership engagement. This leadership experience has further honed my ability to collaborate with diverse teams, prioritize tasks, and make data-driven decisions to achieve organizational goals.

What truly excites me about the software engineering intern position at Engineering – Software is the opportunity to apply my technical skills in a real-world setting and continue to grow as a software developer. Your company's innovative approach to desktop application using go framework and recently some project present working aligns perfectly with my passion for cutting-edge technology and software development.

I am particularly drawn to Walton Group because of its reputation for fostering a culture of innovation, collaboration, and professional growth. I am eager to contribute to your team's success while also learning from the industry's best and brightest.

Enclosed is my Resume letter which provides further details about my academic background, programming languages, and relevant coursework. I am confident that my technical skills, leadership experience, and passion for software development make me a strong fit for the software engineering intern position at Walton co.

Thank you for considering my application. I am eager to discuss how my background and enthusiasm align with the goals of Walton High-tech company. I can be reached at azizulhoq.ha@gmail.com or +880 1706257588 to schedule an interview at your convenience.

Sincerely,

Md. Azizul Hoq
